REMARKS

50X1-HUM

On 30 May 1951, [redacted] the sheet-metal funnel-shaped devices previously seen on the roof of a building quartering Soviet troops on Frankenhofzer Weg in Berlin-Biesdorf (F 53/4 95) had been changed for new ones made of wire netting. Two new sets, mounted on top of steel tubes 4 to 5 meters high, were seen from a distance of 50 meters. The sentry guarding the installation wore black service color and signal insignia. Truck [redacted] was seen leaving the Soviet quarters. [redacted]
